WHY FIFA?

FIFA is a easy to learn game. FIFA gives you option to play with friends online, with family or alone. It is a very flexible game with very easy controls which anyone can understand easily.

SOLO GAMEPLAY

A solo player can enjoy

- The on going ultimate team events where weekly new events features players based on recent matches
- Career mode ~ Take lead of any of your favorite club and lead them towards victory
- Pro Club ~ Make your own virtual player
- VOLTA ~ The street style football skills gameplay!

NEXT LEVEL REALISM

Next-gen technology creates a greater definition of player physique. Muscles flex after striking the ball, Frostbite™-enabled strand-based hair responds authentically to player movement for some of the games biggest stars, and enhanced realism of faces and kit cloth take the world's best players to a whole new level of dynamic realism.

LIGHTNING FAST LOAD TIME

The power of next generation consoles delivers faster load times that get you in the game quicker than ever before. In FIFA 21, you'll go from menu to kick-off in under two seconds*
